

On the day...

When you arrive at the studio, exclusively set aside for us, you will be greeted by our hostess and offered a glass of champagne. You will meet the make-up artist/s who will create your look for the day.

The team will take time to understand your style and what you would like from your special day and to offer some of their personal suggestions. You are likely to pick up several good tips!

When you are comfortable your makeover will begin, including facial make-up, wig* or hair styling and painting your nails**.

Once you are ready your photographer will invite you into the studio. The shoot, taking about 30-40 images, will offer you opportunities to change outfits and alter your make-up to suit.

After the shoot relax in our lounge and enjoy the complimentary wine while your images are being prepared for your personal viewing. We include professional airbrushing of the images if required.

All the images from your day will be supplied on a CD, in high resolution, copyright free and you are free to use the images wherever you choose.

Please be aware that you are likely to be with us for about 4-5 hours during your visit. If you wish to bring a friend please let us know.
